DIGITAL NAUTICAL CHART

DNC East Africa in DNC Geographic area 21, is ready for issue to the Department of Defense (DoD), qualified DoD contractors and U.S. Government Agencies supporting DoD functions only. This data set, which only partially covers the respective geographic area is issued solely for research, development, training and evaluation. The DNC is not authorized for use in place of paper chart for navigation, as the automatic updating service for it is still being developed. Therefore, when evaluating DNC as a navigational aid, the paper chart must be used as the primary means for ship navigation.

For detailed background on DNC, see pages 10-42 and 10-43 of the NIMA Catalog of Maps, Charts and Related Products, Part 2-Volume 1, Nautical Charts and Publications (9th Edition, April 1998). See Section II of this Notice to Mariners for related NIMA Catalog Corrections for the DNC data set advertised above.
